

Melissa King
5th Grade Math and Science
melissa.king@libertytechcharter.org

Mrs. King is in her second year teaching at Liberty Tech and her 20th year overall. She joined the Liberty Tech family because she loves the mission that students learn best with project-based learning which includes STEAM and allows for rigorous learning opportunities. She feels this allows students to become more accountable for their learning and allows her to be more a facilitator of learning. With the rigorous learning opportunities, she likes that students are also taught cardinal virtues that will help them be successful in all aspects of life. She currently teaches 5th grade math and science. She has taught 2nd and 4th grades previously before teaching 5th grade. Mrs. King is a graduate of Fayette County High School and has lived in Fayette County for many, many years. She graduated from Mercer University with a Bachelor's Degree in Early Childhood Education and has her Master's Degree in Curriculum and Instruction from Central Michigan University. She is happily married with two grown daughters. She also has one dog and two cats at home.
