

Janet Mackiewicz
School Chef
lunchroom@libertytechcharter.org

Mrs. Mackiewicz, one of eight children, was born and raised in Chicago. She has been married for twenty years and has two amazing and talented children, Max and Mya. She worked for twenty years in computer operations and administrative positions before becoming a stay at home mom. During this time, Mrs. Mackiewicz discovered her true passion and quickly found a love for culinary creations.

She came to Liberty Tech in 2016 by serving in the lunchroom. She made lasting impressions with our staff and students by her willingness to serve others and dedication to provide quality meals to our students. In her free time, she can be found at DJ's home restaurant, treating family and friends to her culinary creations. Mrs. Mackiewicz is honored to play such an important role in the lives of the Liberty Tech students. Bon Apetite!!
