

Donna Reynolds  
Assistant Principal/Student Support Coordinator  
[donna.reynolds@libertytechcharter.org](mailto:donna.reynolds@libertytechcharter.org)

Mrs. Reynolds began her career serving in the United States Air Force working with canine law enforcement. After leaving the Air Force, she went on to earn her Educational Degree in Secondary Social Sciences, followed by earning her Master's Degree in Emotional Behavior Disorders. She spent 15 years working in Griffin Spalding County School System as a teacher and later as a county special education consultant. The next 10 years were spent homeschooling her children and serving as an advocate for special education students and their families. Mrs. Reynolds came to Liberty Tech as a volunteer special education consultant before the charter was even approved. She was so impressed with the vision and the leadership that she decided to join the Liberty Tech team! Mrs. Reynolds is married to the love of her life, Bill and together they have six children and one amazing grandson. The Reynolds' enjoy all things aviation and even live in an airpark with their own hangar. They also enjoy bluegrass music, travelling, entertaining and spending time with family.
